Building Permit Application

Building Permit requirements:

- 1.) Residential – 1 set of plans
- 2.) Commercial – 2 sets of plans
- 3.) Plot plan
- 4.) Foundation survey

I, the undersigned applicant, certify that the described work listed on this permit and all supporting documents submitted with this application are true and correct. I acknowledge that any permit granted on the representation herein made may be revoked at any time without notice, on a breach of representation or violation of the standard building codes.

I understand that if construction is not started within six (6) months, this permit is void and must be renewed.

I understand that this permit must be finalized within two (2) years or it becomes void.

I understand that construction shall not start until all permits have been pulled and a permit number has been issued.

I understand that once the tap has been placed, it is the responsibility of the contractor to pay for expenses for repair or replacement and under no circumstances will the tap be placed in concrete.

I understand that it is my responsibility to comply with all restrictive covenants and Homeowners' Association regulations.

Is this property in a Flood Plain? _____

Is this property in the Historic District? _____

Contractor's Signature

Date

No work shall begin until the Director of Planning and the Building Official have signed this permit application, which shall constitute the building permit. A copy of the permit application will be sent to the applicant upon request.

Approved: (Building Official)

Approved: (Director of Planning)
